

GameDay Marketplace | Overview

Last Modified on 07/05/2024 4:17 pm AEST

What is GameDay Marketplace?

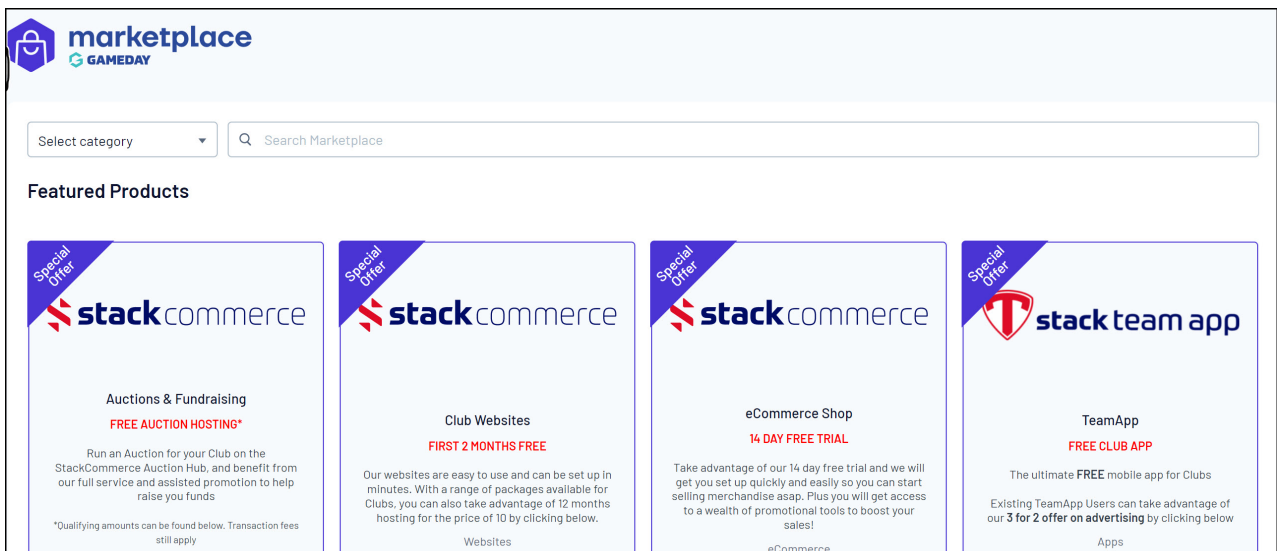

GameDay Marketplace gives you exposure to a wide range of sports technology solutions and includes partners, products, and integrations designed to make the lives of sports administrators easier. Administrators can readily access and find more information on a wide variety of offerings and partners that benefit their organisation.

This will continually be updated with products that GameDay has partnered with or integrated within the GameDay platform.

To access GameDay Marketplace from your GameDay database, click on the **Marketplace** icon in the top right-hand corner.

This will direct you to the marketplace, where you will be able to see a list of products and services that may interest you, including any featured offers or deals that may be available to you at a given time.
