

Banner

Last Modified on 20/09/2023 3:53 pm AEST

The banner section allows you to display colour, text, an image or video as the main "header" for your website. You can also set call to actions (CTA's) to display underneath here as well. If you have the Countdown Add On, this can replace the CTA's.

NOTE: The Countdown add on has to be enabled for your organisation. To check if this is available for your website, [check your GameDay Dashboard / Stack Commerce Your Website Features](#).

1. Under the **SECTIONS** header click on the **BANNER** tab (usually defaulted).

Sections

[help](#)

These sections will be used to build your home page. They can also be added to sub pages on your website.

2. If this panel is not set to show on your website yet, then make sure you click the **button to SHOW this widget** on your website and **adjust the order** of where you would like this to sit on your website home page. Typically this is in position 1.

3. Select what **background type** you would like this banner to display as:

- colour
- image
- video

4. Input the relevant background type you want to use.

- If wanting to use a colour, input a colour into the **BACKGROUND COLOUR** section.
- If wanting to use an image, add an image into the **BACKGROUND IMAGE** section. Ideally 1900 wide.

- If wanting to use a video, input the video URL into the **VIDEO BACKGROUND** section. Use a 16:9 ratio for the video.

Background Colour Set a custom colour for this section <input type="color"/> <input type="button" value="Select Color"/>	Background Image Set a background image for this section, will override background colour. 	Video background Paste your youtube video embed url here. Need help finding the embed url? <input type="text" value="https://www.youtube.com/embed/7B0hDajH0m4"/>
---	---	--

The banner also requires you to input a heading for this banner and a link to either the homepage or elsewhere. This is compulsory within this banner so needs to have something filled out.

5. You can optionally input a **HEADING** for this banner section as well. This is the text that overlays the background.

This is usually 'Welcome to (organisation name) website' or something similar.

6. Input a title for the button that appears on this section (e.g click here or more info). Leave it blank if you don't want a button.

7. Input a website link for this button. Or leave blank if you don't want a button.

You also have the ability to create CALL TO ACTIONS (CTA's) or even a COUNTDOWN WIDGET (Add On required) for this banner as well.

8. If wanting to enable these navigate to the Tiles/Counter tab and click the HIDE/SHOW button.

Banner	Tiles/Counter	News	Match Centre	Social Feed	Video Feed	Counter	GameDay Events	Events	CTA	Partners	Additional Partners	Custom Content
Overview help This section can be used to display tiles/countdown on your homepage.		Show Panel Show or hide this panel <input type="button" value="Show"/>		Panel Order 1 = top of page <input type="text" value="2"/>		Background Colour Set a custom colour for this section <input type="color"/> <input type="button" value="Select Color"/>		Background Image Set a background image for this section, will override background colour. No image selected <input type="button" value="Add Image"/>				
Display CTA Panel Display Call To Action (CTA) with custom buttons or countdown timer <input type="button" value="Show"/>						Show Countdown or Tiles Choose whether you want to display a countdown or tiles in the CTA panel. <input type="button" value="Countdown"/>						

9. If wanting a CTA, input the relevant CTA's you wish to use. Click **ADD CTA** and fill out the relevant information.

You can display up to three CTA's here.

Call to Action (CTA)

The call to actions will display under the text and button in the banner.

Call To Actions (no countdown)

display up to three call to actions

CTA Image Recommend image dimension: 200px wide by 100px high.	
CTA Heading	<input type="text" value="Heading 1"/>
CTA Text	<input type="text" value="Some text about this CTA"/>
Button Text	<input type="text" value="Learn more"/>
Button Link	<input type="text" value="https://arass.cerberus.fspdev.com/"/>

10. Or if you want to use a COUNTDOWN, click the SHOW/HIDE button against that and input the relevant information.
